Participants

Students with disabilities, students from the Department of pedagogy, students from the Department of English language and literature, and academic staff.

Introduction

Objectives of the dissemination activities:

- Informing the academic staff, SwDs and students about the programme of student and staff mobility within the Erasmus + programme – Special Mobility Strand,
- Informing the academic staff about the necessity of signing the inter-institutional agreement between institutions from partner countries and the minimum requirements stated in that agreement,
- Encouraging students to take part in this stage of the project,
- Selection of the four students to participate in this programme as representatives of UES.

Short description of activities

The info-day was attended by around 20 participants: SwD, students, and academic staff. It was organized at the Faculty of Philosophy, on Thursday 9 March, 2017 in one of the faculty classrooms.

The aim of this dissemination activity was to inform the academic staff, SwDs and students about the general information regarding the programme of student and staff mobility within the Erasmus + programme – Special Mobility Strand. These information included details about the higher education institutions with which University of East Sarajevo needs to sign the inter-institutional agreements (with UNS, UNIKG, BMU, and 1 HEI in Podgorica), and to which countries students can ultimately travel. In addition, the audience was informed about the mobility strand issues such as: mobility numbers per academic year, recommend language skills, calendar, insurance, financial issues and the respect of fundamental principles and other mobility requirements. All of these issues will be covered by the inter-institutional agreement.

After all this was presented to the participants, teachers opened the discussion for the present students with possible question for further clarification. After the discussion, SwDs who were interested to take part in students mobility were selected. Since altogether 6 students were interested and only 4 students can go, the list with their names was forwarded to the
