Participants

Students with disabilities and coordinator of the Support Center for students with disabilities.

Introduction

Objectives of the dissemination activities:

- Informing SwDs and students about the programme of student and staff mobility within the Erasmus + programme – Special Mobility Strand,
- Informing the coordinator of the Support Center for students with disabilities about the necessity of signing the inter-institutional agreement between institutions from partner countries and the minimum requirements stated in that agreement,
- Encouraging students to take part in this stage of the project,
- Selection of the four students to participate in this programme as representatives of UBL.

Short description of activities

Info Day was organized on 11 May 2017 at the Faculty of Political Sciences. The meeting was attended by five people, two of them students with disabilities, the coordinator of the Support Center for students with disabilities, and two representatives of the academic staff.

At the meeting, we mostly talked about how to motivate students to opt to keep that universities in the framework of student exchange. Only two students were interested. We agreed that they spread the news for its universities, and beyond them. Students have promised to quickly occur if there are two students who would go to the exchange.

In the end we agreed to remain continuously in contact and that the more we motivate other students to sign on student exchange.

Next activity

Next dissemination activity will be organized in the first week of July 2017.
